NETWORK WITH INDUSTRY EXPERTS & LEADERS

DriverAssist.Tech supported by RoadSafe, is bringing together a network of businesses that align with the vision of the Safe System approach with vehicle and road safety technology in mind.

This is a unique opportunity for exhibitors to network and to demonstrate the benefits of advanced technologies in the automotive and highways industries today such as:

- ✓ Driver Assistance Technology
- ✓ Driver Awareness
- ✓ Highway Maintenance
- ✓ Fleet management
- ✓ Road risk management
- ✓ Emergency services
- ✓ Trade associations
